

§ 30.3

(c) Export shipments to all foreign destinations, including those filed electronically through the AES, are subject to export control regulations. This applies to mandatory, as well as voluntary AES filing. Executive Order 13312, signed July 29, 2003, implements the Clean Diamond Trade Act, which authorizes the President to implement the Kimberley Process Certification scheme in the United States. The Kimberley Process was developed to stem the worldwide movement of rough diamond exports linked to the finance of armed conflicts in certain world areas ("conflict" diamonds), specifically in some Southern African countries. The Kimberley Process Certificate serves as the mechanism to verify the absence of "conflict" diamonds from diamonds exported (reexported) from the United States.

§ 30.3 Shipper's Export Declaration forms.

(a) Official forms, or privately printed forms conforming in every respect to the official forms, shall be used in complying with requirements for Shipper's Export Declarations as follows:

(1) Except for shipments for which the Shipper's Export Declaration for In transit Goods (Commerce Form 7513) is required as specified below, the Shipper's Export Declaration shall be prepared on Commerce Form 7525-V-Alternate (Intermodal). The arrangement of Form 7525-V-Alternate (Intermodal) conforms to and is designed for simultaneous preparation with various other shipping documents commonly used, such as the dock receipt, short form bill of lading, etc. Form 7525-V-Alternate (Intermodal) is acceptable in lieu of Form 7525-V without limitation.

(2) For merchandise shipped in transit through the United States, Puerto Rico, or the Virgin Islands of the United States from one foreign country or area to another, including such merchandise destined from one foreign place to another and transshipped in ports of the United States, Puerto

Rico, or the Virgin Islands of the United States, and for foreign merchandise exported from General Order Warehouses, the Shipper's Export Declaration for Intransit Goods (Commerce Form 7513) shall be filed. Form 7513 shall also be filed for merchandise subject to government inspection, examination, or permit arriving from a foreign country which is rejected and exported. (Although Form 7513 provides that it is to be used for foreign merchandise, it should be used also for U.S. merchandise which after having been exported has been returned to or through the United States and is again being exported under any of the conditions described in this paragraph. Except for rejected merchandise, Form 7513 is not to be used for the reexportation of goods for which entry has been made on CBP Forms 7501 or 7502.)

(b) The Shipper's Export Declaration and the Continuation Sheet³ to the Shipper's Export Declaration (both forms designated Commerce Form 7525-V), and the Shipper's Export Declaration for In-transit Goods (Commerce Form 7513) may be purchased for a nominal price from CBP Directors, Department of Commerce District Offices, and the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402, or they may be privately printed. Supplies of the Alternate Intermodal Shipper's Export Declaration and the Continuation Sheet to the Alternate Intermodal Shipper's Export Declaration are not available from Government sales offices but must be privately printed. Sample official Alternate Intermodal Forms and their Continuation Sheets may be obtained from the Foreign Trade Division, Bureau of the Census, Washington, D.C. 20233. Privately printed Shipper's Export Declaration forms must conform strictly to the respective official form in size, wording, color, quality (weight of paper stock), and arrangement, including the Office of Management and Budget approval number printed in the upper-right hand corner of the face of form. The quality (weight) of paper stock used in printing the Shipper's Export Declaration form is not less

§ 30.4 Preparation and signature of Shipper's Export Declaration (SED).

(a) *General requirements (SED).* For purposes of this part, all references to preparing and filing the paper SED also pertain to preparing and filing the AES electronic record. The SED or AES record is a dual purpose document used by the Census Bureau for statistical reporting purposes only, and by the Bureau of Industry and Security (BIS) and other government agencies for export control purposes. For purposes of this part, the provisions apply only to statistical reporting requirements. The Shipper's Export Declaration (SED) or the AES record must be prepared and signed by a principal party in interest or by a forwarding or other agent authorized by a principal party in interest. The person who signs the SED must be in the United States at the time of signing. That person, whether exporter (U.S. principal party in interest) or agent, is responsible for the truth, accuracy, and completeness of the SED or AES record, except insofar as that person can demonstrate that he or she reasonably relied on information furnished by others. The Census Bureau recognizes "routed export transactions" as a subset of export transactions. A routed export transaction is where the foreign principal party in interest authorizes a U.S. forwarding or other agent to facilitate export of items from the United States. See paragraph (c) of this section for responsibilities of parties in a routed export transaction.

(1) *Exporter (U.S. principal party in interest).* For purposes of completing the paper SED or AES record in all export transactions, the exporter (U.S. principal party in interest) is listed as the "U.S. principal party in interest" on the SED or AES record. In all export

transactions, the person listed in the U.S. principal party in interest block on the paper SED or in the U.S. principal party in interest field of the AES record is the exporter (U.S. principal party in interest) in the transaction. The U.S. principal party in interest is the person in the United States that receives the primary benefit, monetary or otherwise, of the transaction. Generally that person is the U.S. seller, manufacturer, order party, or foreign entity. The foreign entity must be listed as the U.S. principal party in interest on the SED or AES record, if it is *in the United States* when the items are purchased or obtained for export. The foreign entity must then follow the provisions for preparing and filing the SED or AES record specified in §§ 30.4 and 30.7 pertaining to the U.S. principal party in interest. In most cases, the forwarding or other agent is not a principal party in interest.

(i) If a U.S. manufacturer sells merchandise directly for export to a foreign principal party in interest, the U.S. manufacturer must be listed as the U.S. principal party in interest on the SED or AES record.

(ii) If a U.S. manufacturer sells merchandise, as a domestic sale, to a U.S. buyer (wholesaler/distributor) and that U.S. buyer sells the merchandise for export to a foreign principal party in interest, the U.S. buyer (wholesaler/distributor) must be listed as the U.S. principal party in interest on the SED or AES record.

(iii) If a U.S. order party directly arranges for the sale and export of merchandise to a foreign buyer, the U.S. order party must be listed as the U.S. principal party in interest on the SED or AES record. The order party is that person in the United States who conducted the direct negotiations or correspondence with the foreign principal party in interest and who, as a result of these negotiations, received the order from the foreign principal party in interest.

(iv) If a foreign entity is *in the United States* when the items are purchased or obtained for export, it is the exporter (U.S. principal party in interest) and must be listed as the U.S. principal party in interest on the SED or AES record (see § 30.4(a)(1)).
